

Automatic External Defibrillators Available To The General Public

The University has established guidelines for AED use. These guidelines are based upon requirements defined in PA Title 42, Section 8331.2 "Good Samaritan Civil Immunity for Use of Automated External Defibrillators" and upon the AED manufacturer recommendations. A copy of these guidelines is available from the Department of Environmental Health and Safety.

Use of any AED is **not** restricted to individuals on the AED Response Team. Any member of the public, including University faculty, staff and students, may utilize an AED on an individual in distress. Before utilizing an AED, call the University emergency number 412-624-2121. Each University Police vehicle is equipped with an AED and the Officers are well trained.

AED use is self-explanatory through audible and visual instructions that are initiated when you open the AED case. AED's are equipped with local alarms to signal for assistance when the unit is removed from its wall-mounted case.

AED's are located in the following buildings and locations on campus:
