Panther Hall has fire protection features that enable the use of a zoned fire alarm system, which means that the floor of the emergency and only one floor above and one floor below the site of the emergency, will signal fire alarm conditions. If the fire alarm signal (audible horns/speakers and visual strobe lights) activates on your floor, evacuate the building. The fire alarm pull stations are located at the exit doors and near the stairwells.

1. If you hear or observe the fire alarm signal:
   i. Verify that your floor is involved in the emergency by observing the strobe signals.
   ii. Close the door behind you and evacuate the building by following the EXIT signs to nearest stairwell or exterior door. Do not use the elevators during an alarm condition, unless directed by an emergency responder.
   iii. Proceed to an assembly point away from the building. The closest assembly area for Panther Hall is Petersen Events Center at 3719 Terrace Street.
   iv. Do not re-enter until the “all clear” signal is given by the police or fire department.
2. **Upon discovery of smoke or fire:**
   
   i. Alert anyone in immediate danger.
   
   ii. Close the door to contain smoke or fire.
   
   iii. **Activate the nearest pull station.**
   
   iv. Evacuate the building.

   Note: If you cannot activate the pull station and you’re in a safe area, then call 911 or call University Police at 412-624-2121.

3. **Evacuation Plan:**

   Evacuate using the nearest stairwell upon any activation of the emergency alarm on your floor. For general information on evacuation, go to [Safe Building Evacuation](#) in the Fire Safety section of the EH&S website. In the event of a prolonged evacuation or in climate weather, a short-term assembly site will be opened. The short-term and long-term assembly area for Panther Hall is the Petersen Event Center. If sheltering is necessary, you will be informed by University representatives to proceed to either of these sites.

   If you cannot follow the University’s Building Evacuation Procedures due to a temporary or permanent physical impairment, please contact Pitt EH&S 412-624-9505 and request development of an Individualized Evacuation Plan.

An emergency evacuation for security purposes that states “May I have your attention please. A security alert has been reported. Please leave the building by the nearest exit. Do not use the elevators”; or a remain-in-place announcement, as in an active shooter situation or security lockdown: “May I have your attention please. A security emergency has been reported. Remain in the building. Stand by for further instructions.” Both messages are accompanied by the activation of strobe lights.

6. **Building Utility Emergency:**

For any utility emergency or utility problem (including electrical, water, heating, air conditioning, elevator), contact Panther Central at 412-648-1100. In the event of a power failure, emergency generators will supply power to emergency lighting, critical equipment and every red receptacle.
