The freight elevator should be used for chemical transport, and **no gloves should be worn outside of the laboratory**. All waste containers must be labeled with an orange WASTE CHEMICALS label. The label must include:

- identity of contents with the common chemical name (no abbreviations or formulas)
- date
- name and extension of the individual generating the waste

The Chemical Waste Disposal Form should accompany the waste at the time of disposal. Please make copies of the form for future use. Electronic copies of this form can also be obtained via the EH&S website: <http://www.ehs.pitt.edu/assets/docs/HazWasteDispForm.pdf>.

Chemical waste should never be abandoned on the dock at any time. Waste material will only be accepted at the designated time and date. Keep in mind that it is a violation of Federal, state and local regulations to dispose of chemicals via the drain, sewer, or general trash. Please utilize the University's chemical waste program for all excess and unwanted chemicals.
