2. COVID Boosters

3. Concierge Stations / Pitt Health Rules

4. Travel

5. Data
Vaccination Mandate

• All Pitt affiliates on all Pitt campuses required to be vaccinated or have approved exemption by December 6th

• After December 6th - Student Affairs and Human Resources contacting students and employees who are not compliant with the University’s COVID-19 Vaccine Requirement, including individuals that are waiting to receive their second shot.
Vaccination Mandate

• Those offices will work to get individuals into compliance who wish to become vaccinated and are waiting to receive their second shot.

• Individuals that are not fully vaccinated by December 6th will be required to continue with the weekly testing, but if scheduled for their second dose later in December they do not need to apply for an exemption.
**Vaccination Mandate**

- After this week, the University is pausing the requirement to submit a test as part of mandatory testing, due to winter recess.

- Mandatory testing will resume the week of January 9th, which is the first full week back on campus and the start of the spring academic term. In the spring, testing will be required for those who have received an exemption.
COVID Boosters

Received a Booster?

• No requirement to provide booster data to Pitt

Need a Booster?

• PittCoVax Vaccination Center (currently booked – limited walk-in availability)

• University to hold COVID Booster Clinic at the Peterson Events Ctr (Thursday, December 16th)

• UPMC Falk Pharmacy

• Your local pharmacy / physician
Concierge Stations / Pitt Health Rules

Concierge stations to remain in place thru the Spring Term

No changes to University Health Rules regarding face coverings

- **Indoors**: Regardless of your vaccination status, face coverings are required when indoors, unless you are in your enclosed private office or dwelling with the door closed.

- **Outdoors**: Individuals who are not fully vaccinated, as well as those who are or live with someone who is immunocompromised, should wear face coverings when outdoors and unable to maintain physical distancing. Additionally, anyone is welcome to wear a face covering outdoors based on their own comfort level.
Travel

• No University restrictions on travel

• International Travel – Updates from the White House
  • Requiring all inbound international travelers to test within one day of departure globally, regardless of nationality or vaccination status.
